

# 2nd International Workshop on Semantic Digital Archives

Paphos, Cyprus  
September 27, 2012

Summary of the Workshop  
Discussion

# 2nd International Workshop on Semantic Digital Archives

## We learned about...

Session 1

- “challenges of process preservation” (Andreas)
- “social web content preservation” (Thomas)

Session 2

- “straight-forward automatic subject classification” (Christian)
- “sophisticated web content annotation” (Marco)
- “concept for a knowledge-based recommendation system for statistical research data” (Daniel)

# 2nd International Workshop on Semantic Digital Archives

## We learned about...

Session 3

- “mapping complex semantic subgraphs to simpler / more abstract descriptions” (Vladimir)
- “deploying ontologies and relational database systems side by side” (Loris)
- “up-to-date triple store benchmark results” (Annett)

Session 4

- “the situation in German archives” :) (Marcel)

# 2nd International Workshop on Semantic Digital Archives

## Questions

- What was your expectation of the workshop and did it meet your expectation?
- Are you interested in a follow-up workshop?
- If *yes*: what should be the focus in the future?
  - Semantics &
    - ...preservation?
    - ...structuring & annotation?
    - ...search & recommendation?
    - ...user interfaces & HCI?
    - ...

# 2nd International Workshop on Semantic Digital Archives

## Closing remarks

- Workshop proceedings will soon be available at CEUR-ws.org
  - Please check SDA 2012 website for updates.
  - Unofficial „Pre-release“:  
<http://sda2012.dke-research.de/images/pdfs/proceedings.pdf>
- **Please send me your slides:**  
[annett.mitschick@tu-dresden.de](mailto:annett.mitschick@tu-dresden.de)
- Informal dinner tonight?
